Giuliano Assirelli,
founder

“EXPERIENCE IN
THE MECHANICS
AND LOVE
FOR BEAUTIFUL THINGS.
THIS IS MAIOR FOR US.”

Giuliano Assirelli

Maior Flip 900R white colour

Free up your spaces.

Create amazing environments reinventing the concept of enjoying TV. Maior makes your spaces more flexible and you no longer need dedicated furniture or wall support.

Functionality and aesthetics.

For Maior, details are the only thing that matters.
That is why we create our sinuous covering wings, to transform even the back of the tv in a design element.

MAIOR Flip®

MAIOR Flip® 900R

Maximum performance for your environment.

Make full use of your spaces with Maior Flip 900R. When closed, the TV is completely hidden, so you can move freely through your room. Opens at 90°, descends and swivels, so you can enjoy your TV from everywhere.

Cover panel flush with the ceiling

Flips down up to 90°

Descends up to 68 cm

360° manual swivel

MAIOR FLIP® 900

Give your room that extra style.

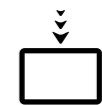

The ideal solution for all those who want to look at the screen also when the bracket is closed. It opens at 90°, descends and rotates to provide a 360° view.

Screen flush with ceiling

Flips down up to 90°

Descends up to 68 cm

360° manual swivel

A wider opening for the best view.

It opens at 100° to offer a wider viewing angle. When not needed it closes completely into the ceiling. It is the perfect solution to support large screens.

Cover panel flush with the ceiling

Flips down up to 100°

MAIOR Flip® 90

Elegance can be functional.

Maior Flip 90 is designed to fit into the narrowest spaces.
 Furthermore, the installation is easier than ever.
 And when it is closed you will see nothing but the screen.

Screen flush with ceiling

Flips down up to 85°

MAIOR FLIP® 85

Discreet and stylish.

It flips down to 85° and, when closed, the screen remains visible, giving you an alternative décor solution. The ideal solution if you are looking for simplicity and elegance.

Screen flush with ceiling

Flips down up to 85°

MAIOR Omnia[®]

Harmony from above.

Clean lines and fluid movements make Omnia Cielo the perfect union of furniture and technology. Descends up to 1 meter, rotates 360° and tilts the screen to ensure a better viewing experience. Its multi-coloured LED base on the ceiling makes it a lighting element as well.

Descends up to 1 meter

Screen tilt up to 15°

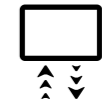

360°swivel

The living room prince.

The moving screen, combined with elegant lines, knows how to make an impression. All movements are motorized, so you can choose the position that better fits your needs. Maior Omnia Terra is an impact solution that makes TV the heart of your spaces.

Rises up to 1 meter

360°swivel

Elegance and professionalism.

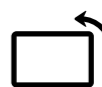

With Omnia Studio, images follow you everywhere: it goes up, down and the screen turns from horizontal to vertical. It is perfect also for professional use, since you can set the best configuration for your conferences. The wheels under the base allow you to move it wherever you want.

Rises up to 1 meter

360°swivel

Screen turns 90° vertically

MAIOR Lift[®]

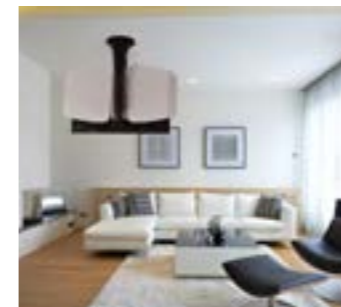

MAIORLift®

Make way for emotion.

Maior Lift it's not just a functional device, it's also a design object. You can adjust the height of the TV and rotate it for a 360° view.

Descends up to 68 cm

360° manual swivel

MAIOR Levante®

MAIOR Levante®

The perfect union.

Maior Levante fits perfectly into your furniture to combine containment and entertainment. Your space will be even more efficient thanks to the completely hidden mechanism inside the cabinet. Maior Levante offers a versatile approach to your furniture and is suitable for any room of your home.
